

# Electronics Circuits II

## 5–Minute Review Schedule

- 5 min. Review Presentation

Every student will have a chance to make 5 min. review presentation of previous lecture materials in English. Students are grouped into a pair of two students. One pair is responsible for a review of one lecture. The review presentation will be made by one randomly selected from two in the pair. Evaluation will be made based on how well the presenter understands and presents the review materials.
