

Electronics Circuits (1)

English Summary Presentation

Every student will have a chance to make English presentation in this class. He/she should study the materials in the lesson he/she signed up for by watching Youtube, summarizes them in a ppt file, and present them in English during the class. A sample ppt file is available in the course web site.

The presentation should be 5–10 mins. and it will be evaluated (max. 5 points) based on following:

- How well the student understands the lesson materials.
- How well the student summarizes the lesson materials.
- How well the student make the presentation in the class.
