

## Certificate of Award

*Presented to:*

Joung-Wook Moon

Yonsei University

*For the Paper Titled:*

**A 0.4-V, 500-MHz, ultra-low-power phase-locked loop for near-threshold voltage operation**

Your paper was one of the highest rated Student papers submitted. As the first student author on the paper, you qualify for the Texas Instruments CICC Student Scholarship Award. This award is the result of a generous sponsorship from Texas Instruments and demonstrates their support for the engineers of tomorrow.

A handwritten signature in blue ink, appearing to read 'Donald Thelen'.

Donald Thelen, Technical Program Chair
